

Take Me to the Bottom

The Cadillac Three

Top of the world, looking at you
Through a red wine haze
Shaking my head, watching you dance
Girl, you move like a wave
Slow and steady washing over me
Concrete shoes just a wild sink
I could feel you pulling me in, yeah Your love is like the Mississippi River
Your hands like a preacher, baby
I'm a new believer
Hold me down, down, down, down, down
Fill me up, girl, let me drown
If you want my heart
If you want my soul
You gotta take me to the bottom
Every little kiss is like
Water filling up my lung
Every little touch is a last breath
Feeling like I'm done
Slow and steady washing over me
Concrete shoes just a wild sink
I can see you pulling me in, yeah Your love is like the Mississippi River
Your hands like a preacher, baby
I'm a new believer
Hold me down, down, down, down, down
Fill me up, girl, let me drown
If you want my heart
If you want my soul
You gotta take me to the bottom
Your love is like the Mississippi River
Your hands like a preacher, baby
I'm a new believer
Hold me down, down, down, down, down
Fill me up, girl, let me drown
If you want my heart
If you want my soul
You gotta take me to the bottom
