

Love Me Land

Zara Larsson

Never thought I would love again
Here I am lost in Love Me Land
How dare you have lips like that
How dare you go and kiss like that
How dare you make us survive
Touch me in the way that you do
No matter whose in the room
I see you sweating when you feel like going full on
Baby, touch me in the way that you do
No matter whose in the room
I see you sweating
Never thought I would love again
Here I am in Love Me Land, hey, hey, ah, ah
Never thought I would love again
Here I am in Love Me Land, hey, hey, ah, ah
Lost in your vocabulary
Got our own vernacularly
Take me home, don't call me May
Touch me in the way that you do
No matter whose in the room
I see you sweating when you feel like going full on
Baby, touch me in the way that you do
No matter whose in the room
I see you sweating
Never thought I would love again
Here I am in Love Me Land, hey, hey, ah, ah
Never thought I would love again
Here I am in Love Me Land, hey, hey, ah, ah
Hey, hey, ah, ah
Lipstick stain your soul
Hey, hey, ah, ah
So when you feel it, go full on, baby
Hey, hey, ah, ah
Can't contain my bones
Hey, hey, ah, ah
So when you feel it, go full on, baby
Never thought I would love again
Here I am in Love Me Land, hey, hey, ah, ah
Never thought I would love again
Here I am in Love Me Land, hey, hey, ah, ah
