

# Kaleidoscope Dream

Miguel

I taste you infinite colors  
Collide in a fountain  
I missed all the lovers  
Kaleidoscope dream (x6)  
Dreaming you, imagine a feel of red lights  
They flicker them flashes  
It draws you electric  
Kaleidoscope dream (x6)  
Oh oh, close your eyes  
Across the Moon hold to fly  
You're safe with me, you're safe with me  
Yeah, body language like piano king  
Allow me to provoke the  
Like you sing a melody  
Every single stroke babe  
As I kiss your third eye  
Bet you're gonna scream  
Only you can be my Kaleidoscope dream  
Kaleidoscope dream (dream dream dream)  
Kaleidoscope dream (dream dream dream)  
Kaleidoscope dream (dream dream dream)  
All these alien illusions of the? of amusement  
Like them stars fall from the sky  
Kaleidoscope dream (x6)  
Body language like piano keys  
Allow me to provoke the  
Like you sing a melody  
Every single stroke babe  
As I kiss your third eye  
Bet you're gonna scream  
Only you can be my Kaleidoscope dream  
Kaleidoscope dream (dream dream dream)  
Kaleidoscope dream (dream dream dream)  
Kaleidoscope dream (dream dream dream)  
And close the Moon them hold to fly  
You're safe with me, you're safe with me  
Kaleidoscope dream (dream dream dream)
