Wormwood Prophecies

Underlined

We're lost in time, alone again Trapped in my mind Serving my fucking sin These screams of madness Echo down these halls Such a cold world build behind these Concrete wallsAs the fire build Your is overwhelming me As the smoke flows through your lungs I'll find my god in your suffering These screams of a so called nightmare Opening of a man-made cellar door These screams now a so called nightmare Your fear to enter my world I must face the sun, to light this fucking path To defeat this horrid beat, my journy has just begun I will feed on the fear of the mad-made anti-christ I will feed on the fear, indulging sacrifice.I wont ever, I wont ever let this end Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
