

# A Night Off (feat. Lloyd)

Drake

Spending every moment in the studio  
I never said it'd be fair  
But when you're all alone  
I hope you truly know  
How bad I want to be there Come right in  
Set your bag down  
I took a night off for you  
Go ahead and turn the lights off  
But keep your heels on  
They're fitting for what I'm about to do  
No you ain't explaining how you want it done  
Just be quiet I'll be fine without your help girl  
Can you work without a second for some fun  
Now you finally got a moment to yourself girl  
And I know what to do wit it  
I know what to do wit it  
I know what to do wit it  
I know what to do wit it  
oh oh oh oh ohoh oh oh oh oh  
oh oh oh oh ohyeah  
I've been waiting for so long to get you all alone  
Now I finally got you right here.  
So baby imma lock my door and disconnect my phone  
Cuz I wanna make one thing clear  
I want you on top  
So let your hair down  
I took the night off for you.  
Girl I'm gonna  
Turn the lights off  
But keep your heels on  
They're fitting for what we're about to do Come right in  
Set your bag down  
I took a night off for you  
Go ahead and turn the lights off  
But keep your heels on  
They're fitting for what I'm about to do No you aint explaining how you want it done  
Just be quiet I'll be fine without your help girl  
Can you work without a second for some fun  
Now you finally got a moment to yourself girl  
And I know what to do wit it  
I know what to do wit it  
I know what to do wit it

I know what to do wit itIts 6 o'clock in the morning at the studio...
