

M-16

Descendents

go shoot your m-16
go shoot your m-16
go shoot your m-16
go shoot your m-16 i'm not going to live your american dream!
"army life is right for me
kill to save democracy
got a rebel in my sights money's worth more than his life.
so kill. . . it's fun! shoot him you're better than him
shoot him in the eye shoot him it gives you as thrill
just like as a kid only now it's for real
