I Want You

Chris Lake

I want you and you want me too

. .

I want you (i want you)

I want you (i want you)

I want you (i want you, i want you, i want you)

I want you (i want you)

I want you (i want you)

I want you and you want me too

I want you and you want me too

I want you and you want me too

I want you and you want me too, i want you and you want me too

I want you and you want me too

I want you and you want me too

I want you and you want me too, i want you and you want me too

I want you and you want me too

I want you and you want me too

I want you and you want me too, i want you and you want me too

I want you and you want me too

I want you and you want me too

I want you and you want me too, i want you and you want me too

I want you (i want you)

I want you and you want me too

I want you and you want me too I want you and you want me too I want you and you want me too I want you and you want me too I want you and you want me too I want you and you want me too I want you and you want me too I want you and you want me too I want you and you want me too I want you and you want me too I want you and you want me too I want you and you want me too I want you and you want me too I want you and you want me too I want you and you want me too I want you and you want me too
