

# No Reason

## King Lil G

Been a minute ive been livin' on the South Side  
Lil hatin' motha fuckas on my time line  
And ive been cheatin on my girl for No Reason  
Maybe with some random ass girls for No Reason  
They been sendin' me some messages but i don't ever read em  
Bitch i don't really need it, ive been smokin' on some rifa  
With my uncle chile on the weekend  
Shout out to my homie all Kate rest in peace and they hurt me so much  
He was only 19  
Reppin for the city put it on for the team  
I swear to god when shit all was a dream  
Where the pretty bitches say they'll do it all for the king  
My homies wake up sellin' dugs  
Got evicted twice and the rent is comin' up  
About to go and rob the connect shit is hot  
They been runnin' from the cops and the feds  
What you gonna do when they get a life sentence  
On top of that you got your side bitch pregnant  
Put her on pill now, shit is getting real now, ill now  
Bitch im going to hustle for a meal now  
I will never do it for the average  
In L.A. mutha fuckas stay active  
Im a nigga do it for the average  
In California pretty bitches speak spanish  
We could go to war for No Reason  
We could go to war for No Reason(we could go to war)  
Fuck a couple broads for No Reason  
Ive been cheatin' on my girl for No Reason(for No Reason)  
We could go to war for No Reason  
We could go to war for No Reason  
Fuck a couple broads for No Reason  
Ive been cheatin' on my girl for No Reason  
Dressed in blacked rollin' deep like the president  
Im talkin' about about 500 Mexicans  
And everybody be smellin' like canabis  
I get my guns from my central Americans  
And they don't bow down either  
On tweety boulavard goin' down another meter  
OG narcatic wich ones a beast represent it to the fullest give a fuck of ones beef (ones beef)  
Baby girl tell me why you wanna cheat?  
How the fuck is it my fault that the bitches want the king(whats crackin baby?)  
And you aint nothin' like me, you bee beggin hoes to stay sayin' baby don't leave

I broke up a few marriages, it all started with yo baby mama's messages  
Its like a murder with no evidence  
Use to roll in the bucket now we in the buis  
So much drama in the South Gate streets kinda hard bein' King Lil G  
But i some how sway, keep comin' up with gangsta ass shit like every single day  
man, man i, i took a lil somthin for the G's  
In the new bands as i breath trough 2 in the morning and im chillin' in South Gate with a  
chrome 44  
We could go to war for No Reason  
We could go to war for No Reason(we could go to war)  
Fuck a couple broads for No Reason  
Ive been cheatin' on my girl for No Reason(for No Reason)  
We could go to war for No Reason  
We could go to war for No Reason  
Fuck a couple broads for No Reason

From the East Side to the West Side you can find me in Cali
