

# Can't Keep on Loving You (From a Distance)

Elliott Yamin

How do I get close  
When she looks like an angel  
A moment of her time,  
Just seems impossible to me  
It's hard to find the words,  
To get to know this stranger  
I'm scared of what she'll say  
If what I say sounds incomplete  
And it feels like we belong together  
Can someone tell me where do I start?  
'Cause I can't keep on, feeling the way I do  
I can't keep on, hiding my heart from you  
I got to say something before  
Someone else comes through  
I can't keep on loving you  
From a distance  
She's always on my mind,  
There's no room left for thinking  
I'm tired of waiting slowly fading at least I'm happy now  
'Cause I'm running out of time,  
And I feel this ship it's sinking  
The doors are closing, I am frozen  
I need her around  
And it feels like we belong together  
Can someone tell me where do I star?  
'Cause I can't keep on, feeling the way I do  
And I can't keep on hiding my heart from you  
I got to say something before  
Someone else comes through  
I can't keep on loving you.  
From a distance (I'm in love)  
From a distance  
From a distance  
From a distance  
I can't hide  
I can't keep on, feeling the way I do  
I can't keep on hiding my heart from you  
I got to say something before  
Someone else comes through  
'Cause I can't keep on loving you  
I can't keep on loving you.  
From a distance
