

Cosmic Universal Fashion

Sammy Hagar

One man coming with a vision
One man got it with a plan
Got love, got passion
Here comes solution in a can, wellEverybody's changing their shoes
Everybody's washing their hands
Everybody's got a new hairdo
Everybody's making new plansCosmic Universal Fashion(Right now) Standin' at the crossroads
(Right now) Halfway there
(Right now) World's getting smaller
(Right now) People need care
(Right now) Euro beat dollar
(Right now) Dollar beat yen
(Right now) Oil beat everything
(Right now) Pure water gonna winCosmic Universal FashionHardcore, better get eviction
So sweet divine poverty
Overpriced genetic implants
Soon enough we're gonna trash poetry, wellEverybody's changing their shoes
Everybody's washing their hands
Everybody's got a new hairdo
Everybody's making new plansCosmic Universal Fashion(Right now) Standin' at the crossroads
(Right now) Halfway there
(Right now) World's getting smaller
(Right now) People need care
(Right now) Euro vs. dollar
(Right now) Dollar vs. yen
(Right now) Oil vs. everything
(Right now) Someday the water gonna win, yeahWhatcha gonna do? Whatcha gonna do about
it?
Whatcha gonna do? Hey, whatcha gonna do about it?
Whatcha gonna, whatcha gonna
Whatcha gonna do about it? Hey
Whatcha gonna, whatcha gonna
Whatcha gonna do about it? Hey, hey
What we gonna do?Cosmic Universal Fashion(Right now) Standin' at the crossroads
(Right now) Halfway there
(Right now) World's getting smaller
(Right now) People need care(Right now) Euro vs. dollar
(Right now) Dollar vs. yen
(Right now) Oil vs. everything
(Right now) Water gonna win, yeahEverybody's changing their shoes
Washing their hands, making new plans
