

# No Wave (feat. Denzel Curry)

IDK

[Chorus: IDK]

I'm goin' uptown with a smile and my tongue brown  
Rollie in my name, Plain Jane, what's a bust down?  
Nigga, I ain't on what you on, you a fuckin' fraud  
You know that ain't love, not at all  
See, I could fuck the wave up, bitch, that ain't the wave now  
I could fuck the wave up, bitch, that ain't the wave now  
I could fuck the wave up, bitch, that ain't the wave now  
I could fuck the wave up, bitch, that ain't the wave now

[Verse 1: IDK]

Ballin' is a lay up, shots gon' make you lay down  
Niggas keep on hatin', they know they ain't safe now  
I might have to take shit, run up in your safehouse  
Did a show in Paris, now I'm off to Cape Town (run it, run it)  
I came from spammin' on DMs  
But now shit done changed, I go HAM on your BM  
They used to make fun of him, now they wan' be him  
See, I just be sonnin' 'em, a.m. to p.m.?  
You didn't believe him and now you done changed  
I'm no angel, the demon  
Yeah, you like to smile in his face when you see him  
That's why I don't look in your face for a reason  
Bitch, this is a black bear in season

[Chorus: IDK]

I'm goin' uptown with a smile and my tongue brown  
Rollie in my name, Plain Jane, what's a bust down?  
Nigga, I ain't on what you on, you a fuckin' fraud  
You know that ain't love, not at all  
See, I could fuck the wave up, bitch, that ain't the wave now  
I could fuck the wave up, bitch, that ain't the wave now  
I could fuck the wave up, bitch, that ain't the wave now  
I could fuck the wave up, bitch, that ain't the wave now [Verse 2: Denzel Curry]

Thurgood Marshall artist

If you try to hit a foul like Artemis, uh  
For the new wave, I started it  
Like a du-rag when you open up the starter kit, uh  
Same shit but a new fly Jay I  
D got a motherfuckin' K on the side  
Chopped off, now a nigga lay on the side  
Yellow tape, everybody pray on the side  
Noah's ark, I made my mark  
So, nigga, don't start with me, don't fuck with me

From the dust, I'm Spartacus  
So anybody touchin' me is first and three  
Whirlwind mixed with a whirlpool  
Denzel 'bout to make a fuckin' typhoon  
What can I say? I'm a boss tycoon  
Coolest monkey in the jungle, not a baboon, ah[Chorus: IDK]  
I'm goin' uptown with a smile and my tongue brown  
Rollie in my name, Plain Jane, what's a bust down?  
Nigga, I ain't on what you on, you a fuckin' fraud  
You know that ain't love, not at all  
See, I could fuck the wave up, bitch, that ain't the wave now  
I could fuck the wave up, bitch, that ain't the wave now  
I could fuck the wave up, bitch, that ain't the wave now  
I could fuck the wave up, bitch, that ain't the wave now
