

# Satisfy (feat. Ron Carroll)

## Mercer

You keep me satisfied  
You satisfy the need in me  
You're always on my mind  
And I just need your love tonight You keep me satisfied  
You satisfy the need in me  
You're always on my mind  
And I just need your love tonight I need to love you need to love you  
I need to love you need to love you  
You keep me satisfied  
You satisfy the need in me  
You're always on my mind  
And I just need your love tonight You keep me satisfied  
You satisfy the need in me  
You're always on my mind  
And I just need your love tonight  
I need to love you need to love you  
I need to love you need to love you  
I need to love you need to love you  
I need to love you need to love you
