

# Somebody Else (feat. Nicki Minaj)

## Mario

You left me for somebody else, now  
You left me for somebody else, now  
You left me for somebody else, now  
You left me for somebody else, now I never saw the day coming  
That you would ever wanna leave me  
Baby, you told me no matter what your heart  
Would always be for me  
Always be for me Now I'm alone, said she wanna be ghost, yeah  
I don't really like it, but I gotta take it  
Damn, damn, damn, girl  
When you coming back?  
So you never coming back? Yeah  
I-I don't believe that  
But right now I gotta accept the fact that  
You left me for somebody else now  
I wish I never loved ya  
You left me, baby you left me  
Girl I can't stop thinking 'bout you  
You left me for somebody else girl  
Girl I wish I never met you  
You left me, baby you left me  
'Cause I would never be alone Girl your beauty  
Made me feel like you were my everything  
Made me think you was worth it  
Yeah I got issues, like you were any better  
Said you would always be there  
But I just lost my girl  
Now I'm alone, said she wanna be ghost, yeah  
I don't really like it, but I gotta take it  
Damn, damn, damn, girl  
When you coming back?  
So you never coming back? Yeah  
I-I don't believe that  
But right now I gotta accept the fact that You left me for somebody else now  
I wish I never loved ya  
You left me, baby you left me  
Girl I can't stop thinking 'bout you  
You left me for somebody else girl  
Girl I wish I never met you  
You left me, baby you left me  
'Cause I would never be alone How would you have learned if I ain't leave?  
I guess I was way too naive

I should've been checked you  
But I let you get mad disrespectful, huh  
Couldn't be serious was was you?  
Looking at my new man, wish it was you?  
But you're dead now  
Sign of the cross on ya chest and ya head now  
Guilty is what you plead now  
Left Queens, hit Brooklyn I'm on a belt now  
Stupid is what you felt now  
When you see me on TV have a meltdown  
B-b-b-bombs away  
Tryna sneak tip hit me when slimes away  
Rollie on but I ain't got time of day  
Time'll tell, Chanel, get that Lagerfeld Now I'm alone, said she wanna be ghost, yeah  
I don't really like it, but I gotta take it  
Damn, damn, damn, girl  
When you coming back?  
So you never coming back? Yeah  
I-I don't believe that  
But right now I gotta accept the fact that You left me for somebody else now  
I wish I never loved ya  
You left me, baby you left me  
Girl I can't stop thinking 'bout you  
You left me for somebody else girl  
Girl I wish I never met you  
You left me, baby you left me
