

# Lovin' You Is Killin' Me

## Alabama

You go out on the town feelin' alright  
Leavin' me here alone you're stayin' all night  
You're good to me, do something sweet  
Tonight you're back out on the street  
Lovin' you, the way I do, is killin' me. You're good to me, do something sweet  
Tonight you're back out on the street  
Lovin' you, the way I do, is killin' me. I don't blame you for havin' fun  
As long as I'm your only one. So go on out, have a time, have a good time  
Don't forget, if he asks you're still mine  
Don't let our love fall apart  
'Cause if you do you'll break my heart  
Lovin' you, the way I do, is killin' me.  
Lovin' you, the way I do, is killin' me.  
Lovin' you, the way I do, is killin' me.
