

# The Snake Has No Head

## Corrosion of Conformity

Invalid at last  
Smothers the working class  
Nihilist to be  
turns the scrape into a gash  
Walking tall and ignorant  
This man is now a militant  
Deceiving the prophet's confession  
To release endless aggression One is the soul  
Amplified suicide  
Keep the masses terrified  
Nothing to kill  
Nothing to kill  
Nothing to kill  
Nothing left unsaid  
'Cause the snake has no head  
But the body fills with greed  
And we spill it when in need  
And all the slaves are on probation  
Growing fat in a comfortable nation  
So the snake keeps on recruiting  
We need one more royal shooting  
Nothing left to lose  
So we create another wound One is the soul  
Amplified suicide  
Keep the masses terrified  
Nothing to kill  
Nothing to kill  
Nothing to kill  
Nothing left unsaid  
'Cause the snake has no head  
Fear of death is gain  
Consuming the weak in shame  
It's a power we can't see  
But it leaves ourselves to blame  
The shameless mourn another day  
Slithering sins fade away  
But the snake is just a pawn  
And remains when we are gone...
