Didn't You Know How Much I Loved You

Kellie Pickler

I remember the way you made love to me
Like I was all you'd ever need
Did you change your mind
Well I didn't change mine

Now here I am trying to make sense of it all We were best friends now we don't even talk

You broke my heart

Ripped my world apartDidn't you know how much I loved you

Didn't you know how much I loved you, baby

I gave you everything, every part of me Didn't you feel it when I touched you Didn't I rock you when I loved you, baby

Baby, tell me

Didn't you know how much I loved you I can't get you out of my head

I still feel you in this bed

Left me all alone

You couldn't be more gone

From falling apart to fighting mad

From wanting you back to not giving a damn

I've felt it all

I've been to the wallDidn't you know how much I loved you

Didn't you know how much I loved you, baby

I gave you everything, every part of me

Didn't you feel it when I touched you

Didn't I rock you when I loved you, baby

Baby, tell me

Didn't you know how much I loved youOne day justice will come and find you

And I'll be right there in your memory to remind you

Didn't you know how much I loved you

Didn't you know how much I loved you, baby

I gave you everything, every part of me

Didn't you feel it when I touched you

Didn't I rock you when I loved you, baby

Baby, tell me

Didn't you know how much I loved you

Didn't you know how much I loved you, baby

I gave you everything, every part of me

Didn't you feel it when I touched you

Didn't I rock you when I loved you, baby

Baby, tell me
