

Forever On Your Side (with JOHNNYSWIM)

NEEDTOBREATHE

[Verse 1: NEEDTOBREATHE]

I won't pretend
That we can control the night
Or what kind of road we're on
Or where we will see the light
But right now I'm talking to ya
I'm looking into your eyes
Right now I'm trying to show ya
That we're gonna be alright [Pre-Chorus: NEEDTOBREATHE]

Oh I don't know
What's around the bend
Oh all I know
Is that my love
It knows no end

[Chorus: NEEDTOBREATHE & JOHNNYSWIM]

All these pieces they fall in line
Because I'm forever on your side
Take my hand when you can't see the light
'Cause I'm forever on your side
I will carry you every time
Because I'm forever on your side
Oh I'm forever on your side [Verse 2: NEEDTOBREATHE w/ Amanda Ramirez]

They'll beat you up
But don't let 'em keep you down
You're always tough enough
And I'll always be around

[Bridge: NEEDTOBREATHE & JOHNNYSWIM]

Oh I can't promise that a day will never come
Where the ground beneath us falls out and you got nowhere to run
Oh but you won't be alone when the water starts to rise up
No you won't be alone my darling when the rains come
