

# Lay You Down (feat. Trina & Tamara Powell)

## Jermaine Dupri

{This Don Chi Chi person that you call yourself?  
What is he all about?  
Does that mean that you could be devoted to one woman  
And have others or does that mean you're not devoted at all?  
Don Chi Chi basically is a glamorous  
Fly assed playboy that's just you know  
He ain't no one woman type man  
I can't wait  
It's me again  
Whatchu waitin' for?  
Trina and Tammy, so so Def, c'mon} Why don't you and me  
Take a trip and dip back to my crib  
I wanna lay you down  
I really wanna lay you down  
Here we are alone in my car  
And I can feel your temperature rising  
You want me, I want you, too  
And I can see it in your eyes that you're ready  
To hit the back seat of my Jeep right now  
If the mood ain't right, my Jeep is tight  
I got a better place to lay you down Why don't you and me  
Take a trip and dip back to my crib  
I wanna lay you down  
I really wanna lay you down Why don't you and me  
Take a trip and dip back to my crib  
I wanna lay you down  
I really wanna lay you down  
I said, "Baby before we lay, everything's gotta be just right  
'Cuz tonight is the night I've been waiting for  
You and me are about to take flight, yeah, yeah  
I don't want no distractions  
Once we get into our action  
I wanna be alone  
Getting it on all night long" Why don't you and me  
Take a trip and dip back to my crib  
I wanna lay you down  
I really wanna lay you down Why don't you and me  
Take a trip and dip back to my crib  
I wanna lay you down  
I really wanna lay you down Ooh, baby, baby come this way  
No longer will I make you wait  
I can feel your passion rising

And you're not alone  
My heart, my heart  
Is yearning for your love  
I can hardly wait to lay you down  
Down  
Why don't you What you waitin' for  
Let the freak show begin  
Let the freak show begin  
Let the freak show begin  
What you waitin' for  
Let the freak show begin  
Let the freak show begin  
Let the freak show begin  
Why don't you What you waitin' for  
Let the freak show begin  
Let the freak show begin  
Let the freak show begin  
What you waitin' for  
Let the freak show begin  
Let the freak show begin  
You heard me? First destination  
Is my heart  
Second destination  
After the lights go out  
I kindly get you up and take you to my place  
Town of ecstasy  
I don't think it can wait First destination  
Is my heart  
Second destination  
After the lights go out  
I'm gonna make you wish  
That everyday you live  
That you could spend your life with me, me Why don't you and me  
Take a trip and dip back to my crib  
I wanna lay you down  
I really wanna lay you down Why don't you and me  
Take a trip and dip back to my crib  
I wanna lay you down  
I really wanna lay you down Why don't you and me  
Take a trip and dip back to my crib  
I wanna lay you down  
I really wanna lay you down
