

Descent of the Archangel

Kamelot

Mephisto:
Speak my friend
You look surprised
I thought you knew
I'd come disguised
On angel wings... in white
I can make
Your dreams come true
What a couple...
Me and you
On journey through the night I will show you everything so vividly
You can't deny me
Bathed in moonlight
I'm proclaimed by angels cry
Think well
Do take your time
Because your soul
Will be mine the day you die Name a pleasure
One... a few
Any form
Of lust in you
Will tremble at my touch
I come down from heaven's light
I have all the perfect alibis
There's so much... I will show you everything so vividly
You won't deny me
Bathed in moonlight
I'm proclaimed by angels cry
Think well
Do take your time
Because your soul
Will be mine the day you die Call my name or carry on
Till that last resistance gone
I'm sure we'll meet again I'm your true disciple
When the flesh desires
You won't deny me Bathed in moonlight
I'm proclaimed by angels cry
Think well
Do take your time
Because your soul
will be mine the day you die Bathed in moonlight
I'm proclaimed by angels cry

Think well
Do take your time
Because your soul
will be mine the day you dieTake your time...
