

Fire (feat. Elderbrook)

Ytram & Martin Garrix

Ytram, Elderbrook & Martin Garrix Fire[Verse 1]

I can see you coming
I fight the fire with fire
There's something in the water
Coming alive[Hook]
Jump before I fall into pieces now
Just a single morning to let me down
There's something in the water
Coming alive

[Verse 2]

I can see you coming
I fight the fire with fire
There's something in the water
Coming alive[Hook]
Jump before I fall into pieces now
Just a single morning to let me down
There's something in the water
Coming alive

[Chorus]

I can see you coming
I fight the fire with fire
There's something in the water
Coming alive
Jump before I fall into pieces now
Just a single morning to let me down
There's something in the water
Coming alive
