bad vibes forever (feat. PnB Rock & Trippie Redd)

XXXTENTACION

Ooh-ooh, get your grind on tonight, grind on tonight, in the end

Nigga, eyes rollin' in my brain, what we gon' do?

I can barely keep controlCatch the vibe of me, get the feel of me, in front of meOoh-ooh, got you grindin' all or nothin'

Grindin' all or nothin', in the end

Nigga, eyes rollin' in my brain, what we gon' do?

I can barely keep control

Catch the vibe of me, get the feel of me, in front of meI said, hey, put your pride right to the side (Yeah)

I can waste your time

Or I can change your life, I said now

Oh, shawty, where you goin'?

I just need one moment

So baby, keep your focus

I said stay, stay, babe

Stay, stay with me

Stay, stay, babe

Please don't run away

Please don't stray awayOoh-ooh, get your grind on tonight, grind on tonight, in the end Nigga, eyes rollin' in my brain, what we gon' do?

I can barely keep control

Catch the vibe of me, get the feel of me, in front of me

(Oh, yeah)Ooh-ooh-ooh, I can barely keep control

When you're grindin' all on me ridin' all on me

Girl, you take my soul, yeah (Yeah)

Ooh-ooh, you look like the girl of my dreams

My heart is on lock, need a key

It's right in your pocket, you see

Lost sense, no stress

I ain't tryna hold you back

Ice on, who bought you that?

Don't want you to go out sad

Girl, you know I'm fallin' for you (Yeah)

And girl, you know I'm all in for you (Yeah)

And I'm in love with you, everything you doOoh-ooh, get your grind on tonight, grind on tonight, in the end

Nigga, eyes rollin' in my brain, what we gon' do?

I can barely keep control

Catch the vibe of me, get the feel of me, in front of me
