

# Show & Tell (feat. Claire Ridgely)

## Said The Sky

Empty cups, ashtrays flooded  
We talk of habits, the hearts we spare  
With the blue moon I saw through you  
Cold eyes and a distant stare Don't you ask me why  
What my tattoo's mean  
'Cause they ain't for you  
And they ain't for me I ain't getting over  
Anyone at all  
You can't pick me up  
If I don't ever fall. Hey stranger wanna know me truly  
Step closer it's a broken spell  
Keep me up, make me feel something  
Maybe then I can show and tell.  
Hey stranger wanna know me truly  
Step closer it's a broken spell  
Keep me up, make me feel something  
Maybe then I can show and tell. Hey stranger wanna know me truly  
Hey stranger wanna know me truly  
Hey stranger wanna know me truly Maybe then I can show and tell. Stole your shirt, left no  
number  
Got my hair like the autumn leaves  
Undercover I showed myself  
I am a secret you just can't keep Don't you ask me why  
What my tattoo's mean  
'Cause they ain't for you  
And they ain't for me  
I ain't getting over  
Anyone at all  
You can't pick me up  
If I don't ever fall Hey stranger wanna know me truly  
Step closer it's a broken spell  
Keep me up, make me feel something  
Maybe then I can show and tell. Hey Stranger...  
Maybe then I can show and tell. Hey stranger wanna know me truly  
Hey stranger wanna know me truly  
Hey stranger wanna know me truly Maybe then I can show and tell
