

Buttermilk Biscuits (Keep On Square Dancin')

Sir Mix-A-Lot

Now I'm your big mal dropper, mud duck stopper
Fila on the bottom and Adidas on the topper
Transform scratchin', big beat matchin'
I can tell you're getting jealous by the looks I'm catchin'
I hate dumb skeezers, MC beaters
Drop 5 grand on my bird white needer? I have no idea, but I think it's watt
Meter
Smooth like ice, don't get nice
Just turn up the box for the Mix-A-Lot slice
Y'all ready to get busy?
Now, buttermilkcuits here we go
Sift the flour roll the dough
Clap your hands and stomp your feet
Move your butt to the funky beat
Buttermilkcuits
Buttermilkcuits
Buttermilkcuits We're from L.A. to the Carolinas
Dip them suckers in Aunt Jemima
Don't make a difference what food you make
Use buttermilkcuits to clean your plate
You eat 'em in the morn', you eat 'em at night
Kentucky Fried Chicken makes the suckers just right
I am eat 'em with jelly it's my favorite deally
Wrapped and sealed by a freak named Shelley Buttermilkcuits
Buttermilkcuits
Buttermilkcuits
One day I kissed my freak, hit the street
Looking for something to eat
In a 18-wheeler, lookin' real swass
All the girls smile 'cause I'm the big boss
Said I gotta eat now, can't eat later
Made a lot of noise to attract my waiter
The boy walked up, and what did he say?
"Say, buttermilkcuits free today!"
So what you waitin' on boy, get up shake a leg
Gimme 10 of them suckers with grits and eggs
A glass of Koolaid and a whole stick of butter
Themcuits make me a superfast cutter Now grab that can and wrap it in your hand
Bang that sucker till the dough expands
Put them suckers up in your oven
Grab your girlie and get a little lovin'
Add a bit of honey if you want to get funny

Microwave the suckers if you want your honey runny
Gonna get naughty at the Mix-A-Lot party
And rub them suckers all over your body
