

GOAT

Bella Thorne

She the baddest in the club that she know (that she know)
She the baddest anywhere that she go (that she go)
You can think you gon? get her but you won?t
She the muthafuckin? best
She the muthafuckin? G.O.A.T. She look super good but she act super bad
Diamonds on her neck, make them bitches mad
She gon? break your neck when she shake that ass
Drop it to the floor, bounce it, bounce it like, like that
I like that
And you look like a whole snack
And I?m down to drop a whole track
'Cause you killin? me in that dress
Oh my, oh my God
How the fuck? Did I end up?
Next to her in this club
Oh my God, she got curves
And I bet she swerve anybody tryna? say words to her She gon? light up every room that she
walk in
When she in that bitch everybody talkin?
You can think you gon? get her but you won?t
She the muthafuckin? best
She the muthafuckin? G.O.A.T. She the baddest in the club that she know (that she know)
She the baddest everywhere that she go (that she go)
You can think you gon? get her but you won?t
She the muthafuckin? best
She the muthafuckin? G.O.A.T.
She the goat, she the goat
She the goat, she the goat
She the goat, she the goat
She the goat, she the goat
She so dope, she should be in the fucking centerfold
But she won?t when she walk in the door everyone frozen Pussy taste like roses
Part the seas like Moses
Looks good in every photo
But that bitch ain?t never posting
Yeah, that girl be poppin?
And she doesn?t plan on stoppin? it
She be steady flossin? in her walk in closet Oh my God
How the fuck? Did I end up?
Next to her in this club
Oh my God, she got curves
And I bet she swerve anybody tryna? say words to her She gon? light up every room that she

walk in
When she in that bitch everybody talking
You can think you gon? get her but you won?t
She the muthafuckin? best
She the muthafuckin? G.O.A.T.She the baddest in the club that she know (that she know)
She the baddest everywhere that she go (that she go)
You can think you gon? get her but you won?t
She the muthafuckin? best
She the muthafuckin? G.O.A.T.
