Son Lux

```
Let go, let go, let go
           Let go, let go, let go
           Let go, let go, let go
Let go, let go, let go, let go, let go, let go
           Let go, let go, let go
           Let go, let go, let go
Let go, let go, let go, let go, let go, let go, let go
           Let go, let go, let go
Let go, let go, let go, let go, let go, let go
           Let go, let go, let go
           Let go, let go, let go
Let go, let go, let go, let go, let go, let go, let go
           Let go, let go, let go
Let go, let go, let go, let go, let go, let go
           Let go, let go, let go
```
