

# Star

## Joss Stone

Gimme strength  
Don't give me grief  
I don't wanna break or mend your beliefs  
I wanna hear ya, hear ya  
And keep my mind free  
I'm not gonna judge ya  
I hope you don't judge me  
Tell me do you feel an angel's honor  
Has given you the right  
To impose the what and here's why  
How to live their lives  
Whoever you may be  
Whatever will come of life  
It's you who holds your life  
It's up to you whether you hide it, or let it shine  
We are who we are  
Love us, don't move on  
Don't you know that there's a star  
Guiding everyone  
We are who we are  
Love us, don't move on  
Don't you know that there's a star  
Guiding everyone  
Speak of solution, you can keep your problems  
I hate your opinion  
And yes we've all, yes, we've all got 'em  
Somebody's trash is somebody's treasure  
Somebody's laugh is somebody's pain  
Somebody's loss is somebody's gain  
It don't matter what car you drive  
Or whatever sound you like  
It don't matter if you praying to God  
Or trust in Mother Nature's stride  
What's true to you and I  
Maybe won't be right  
For another kinda life  
Can't we agree to disagree  
And we can be happy  
We are who we are  
Love us, don't move on  
Don't you know that there's a star  
Guiding everyone  
We are who we are  
Love us, don't move on  
Don't you know that there's a star  
Guiding everyone

We are who we are We should be able to say what we think  
And make love at the end of the day  
We should be able to step outta sync  
And fall back in our own kinda way  
It's okay if you don't wanna see  
It's okay if you disagree  
So reach inside of yourself  
And realize that you're one of a kind  
And all that you are is just fine  
Know that you're you, and not me  
Free to fly, free to fall  
Free to live a loveless live, it's up to you  
If you don't know what to do with yourself  
Just breathe We are who we are  
(Yes we are)  
Love us, don't move on  
Don't you know that there's a star  
Guiding everyone  
(Don't you know, don't you know)  
We are who we are  
(Yes we are)  
Love us, don't move on  
Don't you know that there's a star  
Guiding everyone  
(Don't you know, don't you know)  
We are who we are  
Love us, don't move on  
Don't you know that there's a star  
Guiding everyone  
We are who we are Me, me, me, m-me  
We are who we are  
Me, me, me, m-me  
We are who we are  
Me
