## **Conversations in the Dark**

## John Legend

Talk less, our conversations in the dark
World is sleeping, I'm awake with you, with you
Watch movies that we've both already seenI ain't even looking at the screen
It's true, I got my eyes on youAnd you say that you're not worth it
You get hung up on your flaws

With my eyes, you are perfect as you areI won't ever try to change you, change you

I will always want the same you, same you

Swear on everything I pray to

That I won't break your heart

I'll be there when you get lonely, lonely

Keep the secrets that you told me, told me

And your love is all you owe me

And I won't break your heart

On Sunday mornings we sleep in until noon

I could sleep wherever next to you, next to you

And we, we got places we both gotta be

But there ain't nothing I would rather do

Than look for my plans for youAnd you say that you're not worth it

And get hung up on your flaws

But in my eyes you are perfect as you are, as you aeI won't ever try to change you, change you

I will always want the same you, same you

Swear on everything I pray to

That I won't break your heart

I'll be there when you get lonely, lonely

Keep the secrets that you told me, told me

And your love is all you owe me

And I won't break your heart

When no one seems to notice

And your days, they seem so hard

My darling, you should know this

My love is everywhere you areI won't ever try to change you, change you (Yeah)

I will always want the same you, same you (Oh)

Swear on everything I pray to

That I won't break your heart (Yeah)

I'll be there when you get lonely, lonely (Oh, when you get lonely)

Keep the secrets that you told me, told me (Yeah)

And your love is all you owe me

And I won't break your heartOoooh, oooh

I won't break your heart
