## **Point and Shoot**

I'm exactly where I want to be
Like a thief inside a robbery
Listening to pirate radio
Imagine that I'm in the show
Empty sky but I'm still composed
Take some time for these sexy episodes where
Pussy licking, Pussy licking me oh I
I see a photo opportunity
Now lick your lips shake your hips cause that's the shit now lover
Let the licker help you get on it
Now this room is getting loud
Must keep an eye now, three is a crowd so
Pussy licking, Pussy licking me oh I
I see a photo opportunity

Now lick your lips shake your hips cause that's the shit now lover Let the licker help you get on it, Let the licker help you get on it If you wanted to you could do like me

If you wanted to, you could do like me Several times, I know, I'm lucky to be

In the mix but still composed, lost inside these kinky episodes

Pussy licking, Pussy licking me oh I I see a photo opportunity oh

Now lick your lips shake your hips cause that's the shit now lover
Let the licker help you get on it, Let the licker help you get on it oh
Whoa you, you should imagine, all that these eyes yah, all these eyes have ever seen
I hope you, you got something that I could use, oh I could use, oh I could use you baby one
more time

12. Old Time Problem

Well I see the sunshine in your hair, But I'm Tied up with inebriation Naughty girl, leave me alone

It's a moonshine love, I'm so jealous that I cut my hand off

Broken glass, is in my veins

You're like an old time, old time problem

And when I should have left you alone

Well now you got me on the floor

You're like an old time, old time problem hey,

And when I should have left you alone

And when I should have left you alone
Well now you got me on the floor
Now that I'm a tipping toes
I'm looking outside thru the bullet holes
No one will ever know, how hard it is to answer the phone

All my words get twisted, all my faith gets lifted All my pain is drifting, and I don't know why

You're like an old time, old time problem And when I should have left you alone Well now you got me on the floor You're like an old time, old time problem hey And when I should have left you alone Well now you got me on the floor Well I get so tired of trying, when I know you'll never be pleased You're always giving me something, but never anything I need Or maybe this aint working, my backs against the wall Maybe it aint working, but that's the way it goes You're like an old time, old time problem And when I should have left you alone Well now you got me on the floor You're like an old time, old time problem hey And when I should have left you alone Well now you got me on the floor You're like an old time, old time problem And when I should have left you alone Well now you got me on the floor You're like an old time, old time problem hey And when I should have left you alone Well now you got me on the floor Song Discussions is protected by U.S. Patent 9401941.
