

Frozen Lake

Buffalo Tom

I'm between the lines, just one more time
Read it in a book I almost looked
In frozen lake she comes and takes
Give up my whole world, she's just a girl
In my frozen mind, I'm stuck in time
I can't get past this thing for one more spring
See, she fits to me so easily
I, I am borderline almost everytime Give up my whole world
She's a translucent girl
In frozen mind, I'm lost in time
I take one more breath, it's worse than death
Turn on all the lights, alive with fright
See, she fits to me too easily
I, I am borderline almost everytime
Give up my whole world
She's a complicated girl
In frozen mind, I'm stuck in time
Give up my whole world
She's a complicated girl
In the frozen lake she comes and takes Stuck in time
