

Don't Worry Bout Me

Zara Larsson & Rudimental

Everything, everything's cool now
I wanted you to know that I
I'm fine tonight Why do you do that to me?
Unfair how
After we're done, then you care
It's like you know I
I'm fine
So why don't you remind yourself that?
Don't worry 'bout me
You should worry 'bout you, yeah, yeah
Keep doing what you do best, babe
That's loving only yourself, babe
'Cause I've been sleeping okay
Don't worry 'bout me
You should worry 'bout you
Yeah, that's your problem, so fix it
'Cause I ain't none of your business
Now I've been sleeping okay Now that you work like hell
You see things that
Reminds you of me everywhere
Just know that I
I'm fine tonight
You're tryin' to stay in my life
Ain't got the space or the time
It's too late now, I'm moving on
I'm so unfazed you ain't wanting one
No, don't worry 'bout me
You should worry 'bout you, yeah, yeah
Keep doing what you do best, babe
That's loving only yourself, babe
'Cause I've been sleeping okay
Don't worry 'bout me
You should worry 'bout you
Yeah, that's your problem, so fix it
'Cause I ain't none of your business
Now I've been sleeping okay Don't worry 'bout me
Don't worry 'bout me
Trying to stay in my life
Ain't got the space or the time
It's too late, now I'm moving on
I'm so unfazed you ain't wanting one No, don't worry 'bout me (Don't you worry 'bout)
You should worry 'bout you, yeah yeah

Keep doing what you do best, babe
That's loving only yourself, babe
'Cause I've been sleeping okay
Don't worry 'bout me (Don't worry 'bout)
You should worry 'bout you
Yeah, that's your problem, so fix it
'Cause I ain't none of your business
Now I've been sleeping okay Don't worry 'bout me
Don't worry 'bout me
You're tryin' to stay in my life
Ain't got the space or the time
It's too late, now I'm moving on
I'm so unfazed you ain't wanting one No, don't worry 'bout me
You should worry 'bout you, yeah yeah
Keep doing what you do best, babe
That's loving only yourself, babe
'Cause I've been sleeping okay
Don't worry 'bout me
You should worry 'bout you
Yeah, that's your problem, so fix it
'Cause I ain't none of your business
Now I've been sleeping okay
Don't worry 'bout me
You should worry 'bout you
Worry 'bout, worry 'bout, worry 'bout you
Yeah, you should worry 'bout you
