

Spaceship (feat. Sheck Wes)

Don Toliver

I get a lil' impatient (Yeah, yeah)
Who steady copped the keys to my spaceship?
Sellin' all Alicia Keys, she on my playlist (Yeah, yeah) I am not receiving, you know I don't
take shit

I, I, I spilled lean all in my ride (Lean all in my ride)
Dumpin' ashes on your thigh (Ashes on your thigh)
You might be ready for surprise, oh
I get a lil' impatient (Yeah, yeah)

Who steady copped the keys to my spaceship?
Sellin' all Alicia Keys, she on my playlist (Yeah, yeah)
I am not receiving, you know I don't take shit

I'm in my spaceship (Whatever), getting that facelift (Uh-huh)
LA daytrip, I'm eating them rib tips Call up the ref, I'm balling, pouring it, so we're falling
Twenty-five hundred for the cardigan, Saint Laurent, my dawgs in I get a little impatient

Who steady copped the keys to my spaceship?

Sellin' all Alicia Keys, she on my playlist

I am not receiving, you know I don't take shit

It's the new age flex, hoppin' out of the jet

Spend a ticket on Rolex, plus the ice on your neck

Bust it down and collect, send that money through text You can hit me on my phone, you can
call me direct

I, I, I spilled lean all in my ride

Dumpin' ashes on your thigh (Yeah)

You might be ready for surprise, oh

I get a lil' impatient (Yeah, yeah)

Who steady copped the keys to my spaceship?

Sellin' all Alicia Keys, she on my playlist (Yeah, yeah)
