

Busy Bye Bye

El Profesor

You gave me hell
But never heaven
You got your chance
But not a second
I learnt my lesson in a hard way
But I can still smell you in the hallway
Why you still crawling back to me
Giving me more insanity
I'm not what you want but what you need
When you're lonely
I'm calling 911 tonight
If you keep wasting my time
Won't let you hold the line
Ring ring I'm busy bye bye
I'm calling 911 tonight
If you keep wasting my time
Won't let you hold the line
Ring ring I'm busy bye bye
Why does the devil always bite me
Why does your lighting always strike me
I keep ignoring all the sirens
Oh boy you're nothing but a tyrant
Why you still crawling back to me
Giving me more insanity
I'm not what you want but what you need
When you're lonely
I'm calling 911 tonight
If you keep wasting my time
Won't let you hold the line
Ring ring I'm busy bye bye
I'm calling 911 tonight
If you keep wasting my time
Won't let you hold the line
Ring ring I'm busy bye bye
Ring ring I'm busy bye bye
Ring ring I'm busy bye bye
Ring ring I'm
busy bye bye
