

# Insomnia

## Lazy Rich

As you take me by the hand  
no beginning and no end  
is it real or pretend  
is it lies or the truth all these voices sound the same  
someone whispering your name  
am I lost am I insane  
reminded of you eyes won't shut  
enough insomnia  
give up  
you're tough insomnia  
eyes won't shut  
enough insomnia, insomnia  
reminds me of you
