## Too Many Years (feat. PnB Rock) [Baauer Rewind]

## **Kodak Black**

I done gave the jails too many years Years that I won't get back And I swear I done shed too many tears For niggas that I won't get back Yeah I got niggas in the graveyard, niggas in the state yards I swear not a day goes by That I don't think about the times I wish that I could rewind'Cause I done gave the jails too many years Years that I won't get back And I swear I done shed too many tears For niggas that I won't get back Yeah I got niggas in the graveyard, niggas in the state yards I swear not a day goes by That I don't think about the times I wish that I could rewind I told my mama we gon' be fine So I'm up all night way after sleep time I'm just thinkin' 'bout Lil Kuda, gave my dog a dime He put a [?] shots in a nigga's behind No daddy so I grew up to the street life But my son, I'ma keep him the beehive Scheming on a heist, I need to change my life Been geekin' all night, I'm going senile With two niggas toting three 4-5's I seen a nigga play gangsta, then he broke down Lost a lot, lost his mind in the courthouse I'm on XXL, I'm in New York now I done gave the jails too many years Years that I won't get back And I swear I done shed too many tears For niggas that I won't get back Yeah I got niggas in the graveyard, niggas in the state yards I swear not a day goes by That I don't think about the times I wish that I could rewindI keep thinkin' 'bout my niggas I think I need a [?] I would keep on falling victim Lost up in the system

Miss my brothers and my sisters
Damn I miss my lil one
I know sometimes I be tripping

But I just miss my niggas I got codeine in my liver I gave the judge a piece of me

I'm too street for the industry

But I think that's where I need to be

'Cause verbally, mentally, and physically I keep that heat

Me and my brother fit in

We smoking one with PME

Niggas say they fuck with me

But lowkey they be [?] me

Bitches don't mean shit to me

People tryna sentence me

How a youngin' posted on the street, gon' call it Sesame

1K 'til the death of me, don't put your life in jeopardyI done gave the jails too many years

Years that I won't get back

And I swear I done shed too many tears

For niggas that I won't get back

Yeah I got niggas in the graveyard, niggas in the state yards

I swear not a day goes by

That I don't think about the times

I wish that I could rewind
