

Step It Up

Throwdown

Step it up
Step it up Sometimes I see me, beneath me, deceiving
Deceive myself, keeps me from believing
Believe in yourself
Believe in yourself
Sometimes I see me, beneath me, deceiving
Deceive myself, keeps me from believing

Go

Step it up

Step it up

Step it up

Step it up

Believe in yourself

Believe in yourself Losing touch, I lost my way

Lost for words without a thing to say

Losing touch, I lost my way

Lost for words without a thing to say

Losing touch, I lost my way

Lost for words without a thing to say

Losing touch, I lost my way

But I'll try again

Step it up

Step it up

Step it up

Step it up

Step it up

Step it up

Step it up
