

# Like 'Em All (feat. Diggy Simmons)

## Jacob Latimore

Shes the prettiest thing that you ever did see  
You may not see her in the magazines  
But I know that she gotta be made for me  
Cause we fit together so perfectly Ohh she's the baddest, yeah, yeah  
she's the baddest  
Ohh she's the baddest, yeah, yeah  
she's the baddest I'm so impressed cause she got it all  
So beautiful I see all your flows I like them all  
I like them all  
It don't matter to me  
Cause I like the way you are  
I like them all  
I like them all  
It don't matter to me  
Cause I like the way you are Every single one of your flows  
I like them all  
It don't matter cause you have a heart  
I like them all  
I like them all  
It don't matter  
Cause I like them all Ain't no way I could see someone else for me  
Shes the Juliet in my love story  
Back back it up  
Cant no one compete  
If I was a search she's the kick to my beat  
Ohh she's the baddest, yeah, yeah  
she's the baddest  
Ohh she's the baddest, yeah, yeah  
she's the baddest I'm so impressed cause she got it all  
So beautiful I see all your flows I like them all  
I like them all  
It don't matter to me  
Cause I like the way you are I like them all  
I like them all  
It don't matter to me  
Cause I like the way you are Every single one of your flows  
I like them all  
It don't matter cause you have a heart  
I like them all  
I like them all  
It don't matter  
Cause I like them all Ohh she's the baddest, yeah, yeah

she's the baddest  
Ohh she's the baddest, yeah, yeah  
she's the baddest  
Ohh she's the baddest, yeah, yeah  
she's the baddestIt don't matter  
Cause I like them allI like your flows you are perfect the way you are  
All I would change is your name to make you mine  
I like your attitude cant even get mad at you  
Whether its Malibu or Jamaica Avenue  
With you its all the same  
I like it when you wear your hair that way  
I like it with no make up on your face  
I like it mama say mama saAin't a thing that you want  
I got you ma  
We can head to Soho  
The boutique shop  
On your marks, now set, go  
Shop till you drop  
Here the key now let go  
My heart soloI like them all  
I like them all  
It don't matter to me  
Cause I like the way you areI like them all
