Bruised

Jack's Mannequin

I've got my things I'm good to go

You met me at the terminal Just one more plane ride and it's done

We stood like statues at the gate

Vacation's come and gone too late

There's so much sun where I'm from

I had to give it away

Had to give you awayAnd we spent four days on an island

At your family's old hotel

Sometimes perfection can be

It can be perfect hell, perfect...

Hours pass and she still counts the minutes

That I am not there

I swear I didn't mean for it to feel like this

Like every inch of me is bruised, bruised

And don't fly fast

Oh pilot, can you help me?

Can you make this last?

This plane is all I got so keep it steady now

Cause every inch you see is bruisedI lace my chucks, I walk the aisle

I take my pills, the babies cry

All I hear is what's playing through the in flight radio

Now every word of every song

I ever heard that made me want to stay

It's what's playing through the in flight radio

And I, And I am finally waking up

Hours pass and she still counts the minutes

That I am not there

I swear I didn't mean for it to feel like this

Like every inch of me is bruised, bruised

Don't fly fast

Oh pilot, can you help me?

Can you make this last?

This plane is all I got so keep it steady now

Cause every inch you see is bruised, yeahSo read your books and stay out late some nights, some nights

And don't think that you can't stop by the bar

You haven't shown your face here since the bad news

Well I'm here 'till close with fingers crossed

Each night cause your place isn't farAnd hours pass, hours pass, yeah, yeah

She still counts the minutes that I am not there

I swear I didn't mean for it to feel like this
Like every inch of me is bruised, bruised
And don't fly fast
Oh pilot, can you help me?
Can you make this last?
This plane is all I got so keep it steady now
Cause every inch you see is bruised, is bruised...
