

# New Memories

## DubVision & Afrojack

We can be free  
We can stay up  
If we just trust the minds  
And we won't be seen when we all run the run  
Just you and I'Cause we can be silhouettes fading in the dark  
Ohh  
Stepping into the light make our escape tonight  
OhhBelieve your eyes  
Watch the nightfall coming down on us  
These are the new memories  
We are the new memories  
No compromise, we will see how far we go tonight  
These are the new memories  
We are the new memories  
We watch the sun  
The skies up above  
And we light up the night  
It's written in the stars  
Our hearts align  
We unite, just you and I'Cause we can be silhouettes fading in the dark  
Ohh  
Stepping into the light make us great tonight  
Tonight. YeahBelieve your eyes  
Watch the nightfall, coming down on us  
These are the new memories  
We are the new memories  
No compromise, we will see how far we go tonight  
These are the new memories  
We are the new memories  
Believe your eyes  
Watch the nightfall, coming down on us  
These are the new memories  
We are the new memories
