

# Smoke and Mirrors

[Brett Dennen](#)

I know what you're thinking  
You're thinkin 'bout leaving  
Yeah! You're thinkin 'bout leaving You wonder what you're missing  
You don't see me Yeah You're looking right through me.  
Please be wise It's easy to be fooled by your own eyes  
Baby Your eyes Don't let smoke and mirrors make you cloudy  
Truth you can not see is hard to find  
If you think your better off without me  
Remember what we had before you leave it all behind  
Love is blind when it's new  
your eyes play tricks on you  
Yeah Your heart plays tricks on you Soon the dream gets played out  
Baby it's real now, Yeah it's real now  
Please be sure think about how much it makes me hurt baby  
be sure  
Don't let smoke and mirrors make you cloudy  
Truth you can not see is hard to find  
If you think your better off without me  
Remember what we had before you leave it all behind
