

Leisure

PHOX

all this leisure has got me tired
has got me tired
I could come to meet ya
but I might wander and you would wonder
hold your tongue
we're having all the fun
nowhere to run
so we just stay in bed
all this good loving has got me tired
has got us tired
I could come to meet ya
but you're a bother
so just don't bother
hold your tongue
we're having all the fun
no where to run
so we can stay in bed
all this leisure has got me tired
