

# 23 (feat. Sasha Dobson)

## Highly Suspect

I'm headed away from home all alone  
Where it's like nobody knows  
And they don't need to know  
I get where I'm going  
I'm gone  
No stranger to the danger  
No stranger to the game  
Now everyone's a stranger  
But who cares?  
That's why I came I'm going further than I ever even knew  
I'm going somewhere, I swear, anywhere  
But I'm going nowhere fast with you  
It's the season, it's the season of the sun  
I'm on the run You thought I couldn't disappear  
But, no, ha  
It isn't what you think anymore  
And I just had a little bit of tequiloa  
So see ya, I'm out the door  
I never had another reason to leave it all behind  
And I'm never looking back again  
I'm headed to another fucking dimension  
Did I mention, I'm never looking back again I'm going further than I ever even knew  
I'm going somewhere, I swear, anywhere  
But I'm going nowhere fast with you  
It's the season, it's the season of the sun  
So give me the gun And when I find what I want  
I [?] the fucking door  
You can [?]  
Cause I found it all before I'm going further than I ever even knew  
I'm going somewhere, I swear, anywhere  
But I'm going nowhere fast with you  
It's the season, it's the season of the sun  
I'm on the run
