

# Love Etc. (Live at the Royal Opera House, 2018)

## Pet Shop Boys

Boy, it's tough  
getting on in the world  
when the sun doesn't shine  
and a boy needs a girl  
It's about getting out of a rut  
you need luck  
but you're stuck  
and you don't know how (oooh)(Don't have to be)  
A big bucks Hollywood star  
(Don't have to drive)  
A super car to get far  
(Don't have to live)  
A life of power and wealth  
(Don't have to be)  
Beautiful but it helps  
(Don't have to buy)  
A house in Beverly Hills  
(Don't have to have)  
Your daddy paying the bills  
(Don't have to live)  
A life of power and wealth  
(Don't have to be)  
Beautiful but it helps  
(You need more) Than a big blank cheque to be a lover or  
a Gulfstream jet to fly you door to door  
somewhere chic on another shore You need more, you need more, you need more You need  
more, you need more, you need more, you need love  
You need love You need love  
Too much of anything  
is never enough  
Too much of everything  
is never enough  
Boy, it's tough  
getting on in the world  
when the sun doesn't shine  
and a boy needs a girl  
It's about getting out of a rut  
you need luck  
but you're stuck  
and you don't know how (oooh)

(Don't have to be) A big bucks Hollywood star (Don't have to drive)  
A super car to get far  
(Don't have to wear)  
A smile much colder than ice  
(Don't have to be)  
Beautiful but it's nice  
(You need more) Than the Gerhard Richter hanging on your wall  
a chauffeur-driven limousine on call  
to drive your wife and lover to a white tie ball  
You need more, you need more, you need more  
You need more, you need more, you need more  
You need love  
I believe  
that we can achieve  
the love that we need  
I believe  
call me naive  
that love is for free (oooh)  
(Don't have to be)  
A big bucks Hollywood star  
(Don't have to drive)  
A super car to get far  
(Don't have to live)  
A life of power and wealth  
(Don't have to be)  
beautiful but it helps  
beautiful but it helps  
beautiful but it helps
