

# Jupiter (feat. Roy English & Uni)

Michael Brun

Something unexpected, something out the blue  
Started out as nothing but love grew  
Took a new direction, took a turn for you  
Now I can't go back, what do I do? I don't wanna leave, I don't wanna go  
I'll tell you something  
I don't wanna leave, I don't wanna go I'm closing up the space between us  
There's nothing that can keep you from my love  
Your distance, heaven down to earth  
From here to Jupiter  
From here to Jupiter You were unexpected, you were out the blue  
Started out as friends but our love grew  
Took a new direction, took a turn for you  
Now I can't go back, what do I do? I don't wanna leave, I don't wanna go  
I'll tell you something  
I don't wanna leave, I don't wanna go I'm closing up the space between us  
There's nothing that can keep you from my love  
Your distance, heaven down to earth  
From here to Jupiter From here to Jupiter Only wanna be with you  
Because nothing makes me feel this way, oh no  
I could give you everything  
I'm closing up the space between us  
There's nothing that can keep you from my love  
Your distance, heaven down to earth  
From here to Jupiter From here to Jupiter
