

Fire in Me

John Newman

[Verse 1]

Started with my intuition
Started with my strength
Gaining back my old religion
Turning once again
Knuckles are so red and raw
For breaking through these walls
Sick of all the other [?]
Left her at my fault

[Pre-Chorus]

I was a spark and now I'm drowning up
Slowly, I'll take the walls inside and I'll burn them down [Chorus]

Still got a fire in me
I never wanna let it go
I never wanna let it go
I-I-I-I still got a fire in me
I never wanna let it go
I never wanna let it go
I-I-I-I still got a fire in me
I never wanna let it go
I never wanna let it go
I-I-I-I still got a fire in me
I never wanna let it go
I never wanna let it go
I-I-I-I still got a fire in me

[Verse 2]

There with all the [?]
When we're dealing with the [?]
You'll never be a seeker
And the curtain will never rise
Although my body has been aching
I head on to the rocks
And never let the winds take me
And I won't be letting go [Chorus]

'Cause still got a fire in me
I never wanna let it go
I never wanna let it go
I-I-I-I still got a fire in me
I never wanna let it go
I never wanna let it go
I-I-I-I still got a fire in me
I never wanna let it go

I never wanna let it go
I-I-I-I still got a fire in me
I never wanna let it go
I never wanna let it go
I-I-I-I still got a fire in me[Pre-Chorus]
I was a spark and now I'm drowning up
Slowly, I'll take the walls inside and I'll burn them down
I was a spark and now I'm drowning up
Slowly, I'll take the walls inside and I'll burn them down[Chorus]
'Cause still got a fire in me
I never wanna let it go
I never wanna let it go
I-I-I-I still got a fire in me
I never wanna let it go
I never wanna let it go
I-I-I-I still got a fire in me
I never wanna let it go
I never wanna let it go
I-I-I-I still got a fire in me
I never wanna let it go
I never wanna let it go
I-I-I-I still got a fire in me
I-I-I-I still got a fire in me
I-I-I-I still got a fire in me
