

That's What Makes You Mine

Heffron Drive

She said it's been a little while now
What are we, cause they said she doesn't tie it down
We still playing
I say, don't listen to a word that they say
Cause I'm the one whose calling you baby
So baby, its you and me
If we want we can call it love
Cause I know we're meant to be We don't need to find a name for us
Cause we both know how we feel
It is what it is
Yeah woah
It is what it is
Yeah
It is what it is
We don't need to find a name for us
Cause we both know that its real
It is what it is
I say, you're a little unsure
Just follow me
My heart says You're the one for sure
So let us be
I say, listen to what your heart's saying
Cause I'm the one whose calling you baby
So baby, its you and me
If we want we can call it love
Cause I know we're meant to be
We don't need to find a name for us
Cause we both know how we feel
It is what it is
Yeah woah It is what it is
Yeah
It is what it is
We don't need to find a name for us
Cause we both know that its real
It is what it is
Yeah woah
It is what it is
Yeah It is what it is
We don't need to find a name for us
Cause we both know that its real
It is what it is
If we want we can call it love

There aint no need to find a name for us

It is what it is

Yeah woah

It is what it is

Yeah

It is what it is

We don't need to find a name for us

Cause we both know that its real

It is what it is

Yeah woah

It is what it is

Yeah

It is what it is

We don't need to find a name for us

Cause we both know that its real

It is what it is

It is what it is

It is what it is

We don't need to find a name for us

Cause we both know that its real

It is what it is
