I Love You

Nine Days

When I was younger man I hadn't a care Foolin' around, hitting the town, growing my hair You came along and stole my heart when you entered my life Ooh girl you got what it takes wanna make you my wifeSince then I never looked back It's almost like living a dream And ooh I love youYou came along from far away and found me here I was playin' around, feeling down, hittin' the beer You picked me up from off the floor and gave me a smile You said you're much too young, your life ain't begun, let's walk for awhile And as my head was spinnin' 'round I gazed into your eyes Ooh I want youThank you girl for being a friend And shinin' your light in my life 'cause ooh I need youAs my head was comin' round I gazed into your eyes And thought ooh I want youThanks again for being my friend And straightenin' out my life 'cause ooh I need you Since then I never looked back It's almost like livin' a dream Ooh I got youIf ever a man had it all It would have to be me And ooh I love you
