

# Friends

## Flight of the Conchords

Friends sing together, la la la la  
Friends do things together, la la la la  
Friends laugh together, Ha Ha Ha Ha  
Friends make graphs together, la la la la Friends help you when you're in danger  
Friends are people who are not strangers  
Friends help you shift into a new place  
Tell you if you've got food on you're face Friends are the ones, on who you can depend  
He's my friend, He's not my friend  
Friends are the ones who are there at the end  
He's my friend, They're not my friends If you trip over I'll catch you're fall  
If you break my dick, I won't break you're balls  
If you get drunk and vomit on me  
I'll make sure you get home safely  
If you cross the road and a drunk struck you  
And scrape you up and reconstruct you  
I'll cheer you up if you're depressed  
If you get murdered I'll avenge you're death Friends walk together, la la la la  
Pop and lock together, ZZt brtt zzt brtt  
Me and him together, la la la la  
Me and Jim forever... Friends go jogging at the track  
Friends borrow money, never pay It back  
Friends do not let friends do crack  
Friends go out and grab a snack Friends drink beer in the sun  
Unlike girlfriends they don't mind if you have more than one  
Friends tell you when your fly's undone  
Murray... Your fly is undone  
My Uncle John had a special friend  
They dressed a like; his name was Ben  
I've never seen two friends like them  
They we're very very friendly men La la la la, friends friends friends  
La la la la, friends friends friends friends  
La la la la, friends friends friends friends  
La la la la, friends La la la la
