

# Georgia

## Boz Scaggs

Georgia  
I swear  
I've never seen such a smile  
Gorgeous enough  
To make an angels heart run wild  
Your lazy eyes and small town lies  
Have got me in your spell  
Your drive-in boys and backseat noises  
Oh you learned so well  
Oh oh oh  
So how was I to know  
You got me you got me... by now  
Georgia  
Your daddy was high  
The night he dreamed of you  
Georgia the stars were flying  
The night that you came through  
Christmas in your eyes  
Oh what a nice surprise  
Oh oh oh  
And now I miss you so  
But baby I'm comin' back to you Georgia  
We will be together dear  
If they ever let me out of here  
They will say that its not true  
But I did it all for you  
Georgia  
Won't you tell them for me dear  
Georgia girl  
I never lived through a night like that  
Sure enough  
Got your loving where I like it at  
Moonlight through the pines  
Oh oh oh  
But how were we to know  
That wasn't moonlight  
They were searchlights  
Oh no Georgia  
We will be together dear  
If they ever let me out of here  
They will say that its not true  
But I did it all for you

Georgia  
Won't you tell them for me dear Georgia  
We will be together dear  
Oh my dear  
If they ever let me out of here
