

# On a Roll

## Sugarland

Got my hands in my pocket  
Got a heart like a rocket  
Man a train couldn't stop it today  
I got a smile like the sunshine  
eyes closed, keepin time  
My feet know the beat and the way  
Cant hold this down  
We own this town  
done walkin round  
from now on  
Im on a roll babe,  
watch me go babe,  
Im solid gold babe,  
of good things getting better.  
Life is short, but so sweet  
So cut the cake and lets eat  
right next to me is where ya wanna be  
I just cant stop  
Im on a roll, Im on a roll  
got my headphones thumpin  
feel my blood start ta' pumpin  
aint it somethin' when the rythum's insane  
Its like the whole worlds dancin  
I hold it in my hand like a kid that is ready to play  
My (?)  
It shines and spins  
even if it falls, I still win  
Im on a roll babe,  
watch me go babe,  
Im solid gold babe,  
of good things gettin better  
Life is short, but so sweet  
so cut the cake, and lets eat  
right next to me is where ya wanna be  
I just cant stop  
Im on a roll, Im on a roll  
Im on a roll babe  
I wanna reach out and touch your soul babe  
Im like a southern baptist preacher babe  
I got enough of that in me babe that I can reach ya babe  
Im pickin up speed  
hit the gas go fast  
cause theres nothin more fun than me  
I just love it how lucky I am  
kiss the dice, ace of spades  
remember the 3rd grade you on fire  
gotta stop drop and roll babe  
watch me go babe  
Im solid gold babe  
all good things gettin better  
life is short, but so sweet

so cut the cake and lets eat  
right next to me is where ya wanna be  
I just cant stopIm on a roll babe  
watch me go babe  
Im solid gold babe  
all good things gettin betterLife is short but so sweet  
so cut the cake and lets eat  
right next to me is where ya wanna be  
i just cant stopim on a roll, im on a roll, roll, roll  
im on a roll, im a roll
