## End of Me (feat. Gavin Rossdale)

## **Apocalyptica**

Rosaries left under the mattress All those memories who could bear the witness As you slip into oblivion, use it like a weapon Am I left to bleed waiting for the moment when you've had your fun A loaded gunTake away your broken misery, I can't always erase your memory This love, this love is gonna be the end of me Everything I gave is wasted, I'm the one who's suffocated This love, this love is gonna be the end of Can't resist poisoning the message Just a narcissist trapped inside the wreckage And the sympathy I had is gone deadened by the ceremony Drama queen stand behind your rampart as your kingdom falls all becauseTake away your broken misery, I can't always erase your memory This love, this love is gonna be the end of me. Everything I gave is wasted, I'm the one who suffocated This love, this love is gonna be the end of meYour rescue, my undo I'm not the one to save you I'm empty completely I'm drowning in your shadowTake away your broken misery, I can't always erase your memory This love, this love is gonna be the end of me. Everything I gave is wasted, I'm the one who suffocated This love, this love is gonna be the end of Can't chase away your ghost, inside it only grows Nothing left but misery This will be the end of me All the shit that you created, all the scars you celebrated Couldn't take away your pain Couldn't resurrect your gain This love will be the end of me, this love will be the end.
